

29 July 1975

MEMORANDUM FOR THE RECORD

SUBJECT: CSC, Federal Executive Institute, 7-week Program
Assignment of Principal to Replace Mr. Duggan, OL

25X1A As of this date, received a call from OL, [REDACTED], regarding 25X1A the withdrawal of 2 Logistics officers from the CSC 7-week FEI, Executive Education Program. [REDACTED] (Alternate).

At the April 1975 TSB meeting, the Board instructed the Executive Secretary that if in fact a withdrawal involved the one alternate selected (and approved by the Board for the 7-week Program), that a resurvey of the whole Agency should be made for a candidate.

25X1A There are 5 alternates listed for the 3-week program who were approved by the Board. Of the 5, 4 were DDA people and 1 was CRS/DDI. After checking with the Chairman, it was voted by all members that if [REDACTED] CRS/DDI, GS-16, would be available to go, he would be the principal for the 7-week program. Approval by all with a call to CSC Tom Meyer's office (Miss Barbara Lamm) was accomplished on 30 July '75. There is ~~not~~ alternate for the 7-week Program at this time after checking with all of the 3-week Program alternates and none was agreeable to being an alternate with a last minute call for attendance.

Therefore, Mr. Rodriguez stated that if need arose for an alternate to be named, we would go back to the 5 alternates for the 3-week course prior to Mr. Rodriguez arbitrarily deciding on a candidate to fill the slot. (Probably someone from OIR who had not yet attended FEI.)

25X1A [REDACTED] has been alerted to all of the above.
